statement is laid on the Table of the House..

Statement

(a) Statement showing variety-wise exports of cotton handloom fabrics and made ups during the last three years is attached as Annexure-I. These handloom products are exported to nearly 125 countries of the world. Region-wise exports of cotton handloom products is attached as Annexure. [*See* Appendix CLX, Annexure No. 42 and 43]

(b) Government have been taking a number of steps to boost exports of cotton handloom products which include sending trade delegations, conducting market studies and market research, releasing advertisements in foreign trade magazines and distribution of publicity materials, participation in fairs in major markets, quality improvements and grant of export incentives etc. Besides, Handloom Export Promotion Council has recently undertaken a programme for upgradation of handloom production facilities mainly for exports in coordination with the Weavers Service Centres, Directorate of Handlooms and other concerned organisations.

(c) Handloom fabrics are not subject to quota restrictions in any of the countries with whom India has entered into Bilateral Textile Agreements. Handloom made ups are also not subject to any quantitative restrictions except in USA. In USA category 369 (other cotton made-ups) which covers mill-made, powerloom and handloom products carries annual quota levels since 1989. The quota for category 369 for 1991 is 8.47 million Kgs.

(d) Exports of handloom fabrics and made ups enjoy special treatment like quota exemption, exemption or concession in duly in certain countries provided such consignments are accompanied by a special handloom certification by the Textiles Committee. For the purpose of issuing above special certificates the Textiles Committee carries out limited pre-shipment inspection of consignments for ensuring handloom origin of the material. As per Import Export Policy Customs authorities clear such consignments only on production of necessary certification by the Textiles Committee.

(e) It has been reported that since powerloom units are in decentralised sector and the products of such units are sold in the market after processing, they are not required to be marked at the loom stage. However, if the grey fabrics are meant for sale to the consumer directly, the same is required to be marked.

Setting up of a National Resource Centre for Women
